

## **Community Listening Session**

**Location:** Town of Phillips, ME – Phillips Elementary School

**Date:** February 1, 2025

**Time:** 10:00 AM (approximately 1 ½ hours)

**Goal:** To listen to the community's experiences and concerns related to flooding, to present a spectrum of solutions and discuss initial reactions, and to gain a better understanding of what area to focus the alternatives analysis on.

### **AGENDA**

- Welcome Attendees
- Presentations
  - TNC and Streamworks will present on the overall project purpose, process so far (findings from the site visit), and end goal, as well as the purpose of this listening session.
  - Pause for clarifying questions from attendees
- Flooding Conversations
  - Attendees will be broken into smaller groups to discuss their personal experiences with flooding in Phillips and potential solutions. Project Staff will listen to and document these conversations as well as facilitate the discussion.
- Wrap-up
  - Project Staff will summarize key takeaways from the conversations and review next steps for the project.
