

Flooding Impact Survey

The Town of Phillips is working with The Nature Conservancy (TNC), Streamworks, and FB Environmental to do a study on the recent flood events in Phillips following severe winter storms. We want to understand how recent flooding has affected you and your community, and your answers will help improve future flood responses.

This survey is voluntary, and the questions are optional. You can skip any questions you don't wish to answer. If you would like to stay involved in the process, please provide your name and contact information at the end of this survey. For any questions or comments, please contact Jeremy Bell at jbelle@tnc.org or 207-729-5181.

Completed surveys should be returned to the Town Office at 124 Main St, Phillips, ME 04966. Surveys can be mailed or dropped off in-person.

I. Property Information

Mark only one oval.

- Own & reside year-round
- Rent & reside year-round
- Own & reside seasonally
- Own & rent out

2. Has your property flooded in the last 10 years?

Mark only one oval.

- Yes, only during the December 2023 storm
- Yes, multiple times
- No

Please indicate how much you agree with the following statements:

6. I am satisfied with the overall response to flooding in my community.

Mark only one oval.
